Informed Consent to Chiropody Treatment

I hereby request and consent to the performance of chiropody treatment and other chiropody procedures, including various modes of physical therapy by the Chiropodist and/or anyone working in this clinic authorized by the Chiropodist.

I further understand and am informed that, as in all health care, in the practice of chiropody there are some very slight risks to treatment, including, but not limited to pain, swelling, and infection. I do not expect the Chiropodist to be able to anticipate and explain all risks and complications. I wish to rely on the Chiropodist's judgement in regards to my appointment and my care, based upon the facts then known, and what is in my best interest.

I have read the above and consent. By signing I agree to the above. I intend this consent form to cover the entire course of treatment for my present condition and for any future conditions for which I seek treatment. If at any time during the course of treatment, I wish to withdraw my consent, I may do so.
